Please read the following license agreement. Use the scroll bar to view the complete agreement. This agreement governs your use of the BattScan & CellScan battery monitoring software sold with Hillstone load banks.

1) Acceptance. By installing, copying or otherwise using the Software the Licensee irrevocably agrees to be bound by the terms and conditions of this License Agreement. Should the Licensee not wish to be bound by the said License Agreement, he/she/it should not install or use the Software and should immediately return the Software to the Licensor or its duly authorised agents. Installation of the software on any computer verifies that you agree to be bound by the terms of this agreement.

2) Grant of license. This agreement permits the purchaser to use the BattScan and CellScan software with one Hillstone load bank. The software may be installed on any number of computers owned by the purchaser. This will allow separate engineers to operate the same load bank using different computers. Separate software is supplied for each load bank. Where more than one load bank is purchased the software will be supplied as a multi-user license. This will allow separate engineers to operate any of the load banks purchased. The software will only operate with the load banks supplied under the license agreement.

3) Limitation of Liabilities.. In no event will Hillstone Products or Sunwrite Software, its suppliers or licensors be liable for any indirect, special, incidental, economic or consequential damages arising out of the use or inability to use the Software, even if such party has been advised of the possibility of such damages. The structure, layout and operation of the software is subject to change at any time, without notice, in the interest of keeping abreast with technological advances, specifications and performance and whilst every effort has been made to provide accurate measurements and calculations, the Licensor, accordingly, disclaims all responsibility and/or liability for any errors, omissions or inaccuracies of whatsoever nature which may appear in the Software or result from its use. The Licensor disclaims all other warranties, express or implied warranties and fitness for a particular purpose and shall not be liable for any loss (including loss of profit), injury, expense of any kind or damages howsoever (including, without limitation, incidental or consequential damages) arising out of or resulting from the possession or use of the Software (including data loss and corruption) regardless of whether such liability is based in delict, contract or otherwise. The entire risk arising out of use or reliance on the data contained in the Software remains with the Licensee.

4) Warranty. For one year from your date of purchase, Hillstone Products or Sunwrite Software or its suppliers warrants that the media on which the Software is distributed are free from defects in materials and workmanship. Hillstone Products or Sunwrite Software will, at its option, repair or replace the Software provided that you have registered the use of the software with Hillstone Products. Hillstone Products or Sunwrite Software, its suppliers and licensors disclaim all other warranties, either express or implied, with respect to the Software and the accompanying written materials, including but not limited to implied warranties of merchantability and fitness for a particular purpose.

5) Copyright and Restrictions. The Software is owned by Hillstone Products and Sunwrite Software and is protected by copyright laws and international treaty provisions including Intellectual Property Laws and Treaties and the Licensee may not remove or alter any copyright or trade mark notices as contained in/on the Software and all title and copyright in and to the Software (and accompanying documentation and printed material and any copies of the Software) are owned by the Licensor. Hillstone Products or Sunwrite Software retains all rights not expressly granted. You must treat the Software like any other copyrighted material, except that you may make copies as detailed above. You may not rent or lease the Software, but you may transfer your rights under this Agreement on a permanent basis provided you transfer the license granted by this Agreement, the Software and all associated printed materials, retain no copies and the recipient agrees to the terms of this Agreement.

This Software is only licensed and not sold to the Licensee who may not personally or otherwise reverse engineer, de-compile, disassemble, modify, reproduce (except as agreed in these terms), photocopy, translate, transmit (whether by information storage or retrieval system), record, publish or distribute to third parties in any form or by any means (whether electronically, mechanically or otherwise) the Software without the prior written permission from the Licensor.
